Professional Experience

Bank of England

London, UK Apr 2016–present

Manager | Technical Modelling Specialist Jul 2022–present

Financial Risk Management Division | Quantitative Risk Analytics

Provide technical expertise for the development of statistical models supporting the Bank of England's first-line risk-management function. Lead the development of a back-testing methodology for the asset-allocation strategy used to manage the Exchange Equalisation Account (EEA) portfolio on behalf of HM Treasury.

Senior Quantitative Analyst May 2019–Jul 2022

Financial Risk & Resilience Division | Risk Methodology Team

Implemented and back-tested Exposure at Default and Expected Shortfall models for sovereign bonds, equities and derivatives, challenged and validated risk and asset-allocation models developed in other areas of the Bank.

Quantitative Risk Analyst Apr 2016–May 2019

Financial Risk & Resilience Division | Risk Methodology Team

Designed and developed methodologies to evaluate and manage financial risks to the Bank's balance sheet across asset classes and liquidity operations.

Research Experience

Athens University of Economics and Business

Athens, Greece

Postdoctoral Researcher in Economics 2024–present

Research focus: Financial econometrics with large datasets and high-frequency data

Education

2015–2022 **PhD in Economics**
Athens University of Economics and Business (AUEB)
Thesis: *Essays on Modelling and Forecasting Stock Market Volatility*

2009–2010 **MSc in Finance**
Warwick Business School (WBS)
Thesis: *Cointegration-Based Trading Strategies*

2004–2009 **BSc in Economics**
Aristotle University of Thessaloniki (AUTH)
GPA: 9.4/10 – Graduated 1st with Honours

Grants, Scholarships & Awards

2019 **European Social Fund (ESF):** Research Grant through the Operational Programme "Human Resources Development, Education and Lifelong Learning" financed by the European Union.

2015 **Multinational Finance Society (MFS):** "Best Doctoral Paper Award", 22nd MFS conference.

2013 **Greek Statistical Institute:** Selected for the "Best Young Statistician" award.

2011 **Alexander S. Onassis Public Benefit Foundation:** "Scholarship for Doctoral Research".

2009 **Warwick Business School:** "Scholarship for the MSc Finance 2009–2010 programme".

2005 **State Scholarship Foundation (IKY):** "Distinction for academic achievements and morality".

2004 **Aristotle University of Thessaloniki:** "Merit of Success", Department of Economics exams.

Professional Development & Summer Schools

May 2026	Foreign Exchange Reserve Portfolio Management, Federal Reserve Bank of New York, New York
Aug 2025	Strategic Asset Allocation, Bank for International Settlements (BIS), hosted in Davos
Sep 2024	Forecasting Macroeconomic & Financial Risk, Society for Financial Econometrics (SoFiE) and the National Bank of Belgium (NBB), prof. Domenico Giannone and Francesco Furno
Jun 2023	Monetary Policy and the Yield Curve, Society for Financial Econometrics (SoFiE) and the National Bank of Belgium (NBB), with prof. Glenn Rudebusch and prof. Michael Bauer
Jul 2019	Advanced Summer School in Economics and Econometrics (ASSEE), prof. Bruce E. Hansen
Aug 2017	Advanced Risk & Portfolio Management (ARPM) Bootcamp (NYC), with prof. Attilio Meucci
Jun 2015	From GARCH and Stochastic Volatility to Realized Volatility and Options, prof. Torben G. Andersen, University of Coimbra, Portugal
Jun 2015	Society for Financial Econometrics (SoFiE) 2015 Spring School, National Bank of Belgium (NBB) and CORE Institute (UCL), prof. Eric Renault & prof. Patrick Gagliardini
Jul 2013	10th Summer School in Stochastic Finance, Athens University of Economics and Business
Jun 2012	5th Annual Conference of the Society for Financial Econometrics (SoFiE), Oxford-Man Institute, Said Business School, University of Oxford
Jul 2011	8th Summer School in Stochastic Finance, Athens University of Economics and Business

Invited Talks & Seminars

May 2026 **Foreign Exchange Reserve Portfolio Management — Strategic Asset Allocation (SAA)**: Panel discussion with Mike McMorrow (BIS), hosted by the Federal Reserve Bank of New York

Mar 2026 **AI in Risk Assessment and Mitigation**, ICMS, Bayes Centre, University of Edinburgh

May 2017 **Analytical Tools for Financial Risk Management & Supervision**, CCBS, Bank of England

Conference Presentations

Aug 2026 Vienna–Copenhagen Conference on Financial Econometrics, Vienna, Austria (VieCo)

Apr 2026 10th International Conference on Applied Macro and Empirical Finance (AMEF)

Apr 2024 8th International Conference on Applied Macro and Empirical Finance (AMEF)

May 2022 RCEA Conference on Recent Developments in Economics, Econometrics and Finance

Apr 2022 6th International Conference on Applied Macro and Empirical Finance (AMEF)

Jul 2021 International Conference on Time Series and Forecasting (ITISE 2021)

Jun 2021 7th RCEA Time-Series Workshop, Rimini Centre for Economic Analysis, Uni of Milano-Bicocca

Dec 2020 14th International Conference on Computational & Financial Econometrics, King's College London

Sep 2019 International Conference on Time Series and Forecasting (ITISE 2019)

Apr 2016 2nd International Conference on Applied Macro and Empirical Finance (AMEF)

Jun 2015 2nd Annual Conference of the International Association of Applied Econometrics (IAAE)

Jun 2015 22nd Annual Multinational Finance Society Conference (MFS)

Jun 2015 2015 Spring School of the Society of Financial Econometrics (SoFiE)

Jun 2015 3rd International PhD Meeting in Economics, University of Macedonia

May 2015 1st International Conference on Applied Macro and Empirical Finance (AMEF)

Apr 2015 2015 Spring Conference of the Multinational Finance Society (MFS)

Dec 2013 12th International Conference of the Hellenic Finance & Accounting Association (HFAA)

Jul 2013 1st International PhD Meeting in Economics, University of Macedonia

May 2013 26th Pan-Hellenic Statistics Conference, Greek Statistical Institute (GSI)

Apr 2013 International Conference in Economics and Business, Onassis Foundation

Teaching Experience

2012–2015 PhD Candidate & Teaching Assistant | Aristotle University of Thessaloniki, School of Economics. Modules: Advanced Financial Analysis, Portfolio Theory, Business Economics, Derivatives.

2007–2012 Private tutoring of finance modules to undergraduate/postgraduates.

Technical Skills

MATLAB, Python (Pandas, NumPy), R, VS-Code, SQL, EViews, Stata, S+, Git, LaTeX.

Journal Refereeing

Studies in Nonlinear Dynamics & Econometrics | Economic Modelling | Finance Research Letters | Business and Economics Journal | Global Economics Journal | Journal of Business & Financial Affairs

Research Interests

Financial Econometrics | Statistics | Derivatives | Asset Pricing | Risk Management | Portfolio Theory | Fixed Income | Credit Risk | International Finance | Macroeconomics | Behavioral Finance

Other Interests

Music: Guitar, bass and piano; bands and orchestras, with awards in national and international music competitions.

Photography: Participation in street, urban and cinematic photography competitions.

Sports: Basketball, sailing, swimming, cycling and running.
